### This Will Kill You

What the crap is Arnold Schwarzenegger doing on the cover of Rico Slade's book? This is Rico Slade's goddamn book. Rico Slade is not a body builder, an actor, or a governor. Rico Slade is an action hero.Rico Slade doesn't care about the political climate. Rico Slade has an advance degree in badassery. Rico Slade's favorite food is the honey-roasted peanut. Rico Slade can rip out a throat with his bare hands.But Rico Slade's arch nemesis, Baron Mayhem, is threatening to drop a bomb on the Earth that will kill every human being except himself while leaving the world's currency intact. To save the planet, Rico Slade must journey across Hollywood to find Baron Mayhem. Unfortunately, Rico Slade's crime fighting style involves ripping out the throat of anyone who gets in his way, including grandmothers and Midwestern tourists.As Rico Slade leaves Hollywood in ruins, the only person who can stop him from destroying the city is his Jewish psychologist, Harold Schwartzman. Until he does, Rico Slade will kill as many people as it takes to thwart Baron Mayhem's evil scheme. Rico Slade will fucking kill everyone.RICO SLADE WILL FUCKING KILL YOU.

MORE THAN 200 FUN FACTS—FROM BAFFLING AND BIZARRE TO ENTERTAINING AND ENLIGHTENING This curious, captivating collection of trivia will surprise and intrigue readers with amazing answers to questions like: •Is Jurassic Park possible? •What causes “the shakes” after drinking a lot of alcohol? •Why do dogs walk in circles before lying down? •What

makes popcorn pop? The follow-up to the bestselling *What Did We Use Before Toilet Paper?*, *Can Holding in a Fart Kill You?* has even more fun and fascinating trivia. Perfect for the ever-curious trivia lover, this book is the ultimate in truly extraordinary information. From silly to serious to outright bizarre, this expansive collection offers surprising answers and unexpected facts on everything from history and science to pop culture and nature. From the everyday to the fantastical—it's all here.

## **Sixth Grade Can Really Kill You**

Celebrate the 10th anniversary of the New York Times best-selling Gallagher Girls series with this new edition, featuring an exclusive new epilogue from Ally Carter! Cammie Morgan is a student at the Gallagher Academy for Exceptional Young Women, a fairly typical all-girls school—that is, if every school taught advanced martial arts in PE and the latest in chemical warfare in science, and students received extra credit for breaking CIA codes in computer class. The Gallagher Academy might claim to be a school for geniuses but it's really a school for spies. Even though Cammie is fluent in fourteen languages and capable of killing a man in seven different ways, she has no idea what to do when she meets an ordinary boy who thinks she's an ordinary girl. Sure, she can tap his phone, hack into his computer, or track him through town with the skill of a real "pavement artist"—but can she maneuver a relationship with someone who can never know the truth about her? Cammie Morgan may be an elite spy-in-training, but in her sophomore year, she's on her most dangerous mission—falling in love.

## **This Lie Will Kill You**

A favor for a friend turns into a murder investigation, drawing apprentice PI Willa Pennington into a labyrinth of lies and deception in the shadows of Washington, D.C. Willa Pennington thought that becoming a PI would be better than being a cop. She thought she'd never have to make another death notification or don a bulletproof vest again. She thought she could move past the pain of losing her best friend. She thought she'd be safe. But she couldn't have been more wrong. Now, agreeing to do a simple favor has brought her to a dead body, a missing person, and a battle of wits with an old friend who has dangerous secrets. If Willa can keep her focus, she could solve the murder, find the missing girl, and figure out if the person she's trusted with her life is the one trying to end it. Praise: A 2019 Lefty Award Nominee A 2018 Agatha Award Nominee for Best First Novel "One of the best debut efforts I've ever seen. Tight plotting, edge-of-your-seat suspense and a protagonist in PI Willa Pennington you'll want to read about again and again. I couldn't put this book down."—Maggie Barbieri, author of *Once Upon a Lie* "A debut that saddles tough-girl noir with the heart of a cozy."—Kirkus Reviews "This is a solid beginning to a character and setting that could go on to very good things."—RT Book Reviews "Aimee Hix is an up-and-coming author everyone should watch."—Crimespree Magazine "The book has plenty of twists and surprises, but what

stands out is the tight writing and fast narrative of the author's debut novel."—Ellery Queen Mystery Magazine

## **Shadows from the Walls of Death**

Jesus Rollerblading Christ--another helping of TheOatmeal! Mrow, MOAR kitty comics. Mr. Oats delivers a sidesplitting serving of cat humor in his new book, *How to Tell If Your Cat Is Plotting to Kill You*. If your cat is kneading you, that's not a sign of affection. Your cat is actually checking your internal organs for weakness. If your cat brings you a dead animal, this isn't a gift. It's a warning. *How to Tell If Your Cat Is Plotting to Kill You* is a hilarious, brilliant offering of comics, facts, and instructional guides about crazy cat behaviors from the creative wonderland at [TheOatmeal.com](http://TheOatmeal.com). *How to Tell If Your Cat Is Plotting to Kill You* presents fan favorites, such as "Cat vs. Internet," "How to Pet a Kitty," and "The Bobcats," plus 17 brand-new, never-before-seen cat-themed comic strips. This Oatmeal collection is a must-have for cat-lovers from Mr. Oats!

## **Can Holding in a Fart Kill You?**

Nothing makes Portland detective Archie Sheridan happier than knowing that Gretchen Lowell—the serial killer whose stunning beauty is belied by the gruesome murders she's committed—is locked away in a psych ward. Archie can finally heal from the near-fatal physical and emotional wounds she's inflicted on him and start moving on with his life. To this end, Archie throws himself into the latest case to come across his desk: A cyclist has discovered a corpse in Mount Tabor Park on the eastern side of Portland. The man was gagged, skinned, and found hanging by his wrists from a tree. It's the work of a killer bold and clever enough to torture his victim for hours on a sunny summer morning in a big public park and yet leave no trace. And then Archie gets a message he can't ignore—Gretchen claims to have inside knowledge about this grisly murder. Archie finally agrees to visit Gretchen, because he can't risk losing his only lead in the case. At least, that's what he tells himself . . . but the ties between Archie and Gretchen have always been stronger, deeper, and more complex than he's willing to admit, even to himself. What game is she playing this time? And even more frightening, what long-hidden secrets from Gretchen's past have been dredged up that someone would kill to protect? At once terrifying and magnetic, "Beauty Killer" Gretchen Lowell returns with a vengeance in *Kill You Twice*, Chelsea Cain's latest razor-sharp psychological thriller.

## **Sierra Leone**

"Will keep readers on edge from start to finish." —Kirkus Reviews Tell the truth. Or face the consequences. Clue meets Riverdale in this page-turning thriller that exposes the lies five teens tell about a deadly night one year ago. One year ago, there was a party. At the party, someone died. Five teens each played a part and up until now, no one has told the truth. But tonight, the five survivors arrive at an isolated mansion in the hills, expecting to compete in a contest with a \$50,000

grand prize. Of course...some things are too good to be true. Now, they realize they've been lured together by a person bent on revenge, a person who will stop at nothing to uncover what actually happened on that deadly night, one year ago. Five arrived, but not all can leave. Will the truth set them free? Or will their lies destroy them all?

## **Would It Kill You to Stop Doing That**

"We all know bad manners when we see them," NPR and Vanity Fair contributor Henry Alford observes at the beginning of his new book. But what, he asks, do good manners look like in our day and age? When someone answers their cell phone in the middle of dining with you, or runs you off the sidewalk with their doublewide stroller, or you enter a post-apocalyptic public restroom, the long-revered wisdom of Emily Post can seem downright prehistoric. Troubled by the absence of good manners in his day-to-day life-by the people who clip their toenails on the subway or give three-letter replies to one's laboriously crafted missives-Alford embarks on a journey to find out how things might look if people were on their best behavior a tad more often. He travels to Japan (the "Fort Knox Reserve" of good manners) to observe its culture of collective politesse. He interviews etiquette experts both likely (Judith Martin, Tim Gunn) and unlikely (a former prisoner, an army sergeant). He plays a game called Touch the Waiter. And he volunteers himself as a tour guide to foreigners visiting New York City in order to do ground-level reconnaissance on cultural manners divides. Along the way (in typical Alford style) he also finds time to teach Miss Manners how to steal a cab; designates the World's Most Annoying Bride; and tosses his own hat into the ring, volunteering as an online etiquette coach. Ultimately, by tackling the etiquette questions specific to our age-such as Why shouldn't you ask a cab driver where's he's from?, Why is posting baby pictures on Facebook a fraught activity? and What's the problem with "No problem"?-Alford finds a wry and warm way into a subject that has sometimes been seen as pedantic or elitist. And in this way, he looks past the standard "dos" and "don'ts" of good form to present an illuminating, seriously entertaining book about grace and civility, and how we can simply treat each other better.

## **Kill You Twice**

NEW YORK TIMES BESTSELLER \* The first definitive history of the Mossad, Shin Bet, and the IDF's targeted killing programs, hailed by The New York Times as "an exceptional work, a humane book about an incendiary subject." WINNER OF THE NATIONAL JEWISH BOOK AWARD IN HISTORY NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY JENNIFER SZALAI, THE NEW YORK TIMES NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Economist \* The New York Times Book Review \* BBC History Magazine \* Mother Jones \* Kirkus Reviews The Talmud says: "If someone comes to kill you, rise up and kill him first." This instinct to take every measure, even the most aggressive, to defend the Jewish people is hardwired into Israel's DNA. From the very beginning of its statehood in 1948, protecting the nation from harm has been the responsibility of its intelligence community and armed services, and there is one weapon in their vast arsenal that they have relied upon to

thwart the most serious threats: Targeted assassinations have been used countless times, on enemies large and small, sometimes in response to attacks against the Israeli people and sometimes preemptively. In this page-turning, eye-opening book, journalist and military analyst Ronen Bergman--praised by David Remnick as "arguably [Israel's] best investigative reporter"--offers a riveting inside account of the targeted killing programs: their successes, their failures, and the moral and political price exacted on the men and women who approved and carried out the missions. Bergman has gained the exceedingly rare cooperation of many current and former members of the Israeli government, including Prime Ministers Shimon Peres, Ehud Barak, Ariel Sharon, and Benjamin Netanyahu, as well as high-level figures in the country's military and intelligence services: the IDF (Israel Defense Forces), the Mossad (the world's most feared intelligence agency), Caesarea (a "Mossad within the Mossad" that carries out attacks on the highest-value targets), and the Shin Bet (an internal security service that implemented the largest targeted assassination campaign ever, in order to stop what had once appeared to be unstoppable: suicide terrorism). Including never-before-reported, behind-the-curtain accounts of key operations, and based on hundreds of on-the-record interviews and thousands of files to which Bergman has gotten exclusive access over his decades of reporting, *Rise and Kill First* brings us deep into the heart of Israel's most secret activities. Bergman traces, from statehood to the present, the gripping events and thorny ethical questions underlying Israel's targeted killing campaign, which has shaped the Israeli nation, the Middle East, and the entire world. "A remarkable feat of fearless and responsible reporting . . . important, timely, and informative."--John le Carré

## **Nick Storie Mysteries: Time Will Kill You**

Helen fears that lack of improvement in her reading may leave her stuck in the sixth grade forever, until a good teacher recognizes her reading problem.

## **Love Me Or I'll Kill You**

Jenna Cooper was only a few days old when her father was murdered and her family was shattered. Now fifteen, she daydreams of a picture-perfect sitcom family as she struggles with the gritty realities of her life. When Jenna finds out that Travis Bingham, the man who shot her father, has been released from prison, she becomes obsessed with tracking him down and confronting him. But her search reveals that there may be more to her father's murder than she has been led to believe, and will her relationships with her family and friends survive her obsession?

## **What Doesn't Kill You**

"I really thought I had a handle on life -- then it broke off." Opinionated, straight-talking, and witty, Tee is a fly forty-

something. Divorced since her daughter, Amber, was young, Tee has been "handling her business," supporting herself after her would-be songwriter husband took off for L.A., and she's done all right. Organized, responsible, hardworking, and loyal, Tee went from being the first employee of a start-up purveyor of organic lotions to the right hand of the president of what became a major player in the home and personal fragrance market. But then everything changes. First, she's outplaced from her longtime job and doesn't tell anyone. Then she gives her daughter the wedding of her dreams and, after overindulging in champagne, Tee wakes up in bed with the younger best man. For the first time in twenty-five years, Tee doesn't know who she is or what she's going to do every day. Deep in denial, she continues to live her life as if nothing has changed. After a series of financial mistakes, miscalculations, and missteps compound her already shaky situation, she's soon teetering on the edge of bankruptcy. That's when Tee decides that it's time for her to wake up and face reality. Beyond "making money," Tee never really decided what she wanted to do with her life. Then she just stopped thinking about it and invested her hopes in someone else's dream. Now it's her chance to invest in herself. Can she step out on faith to follow her own dream?

### **Mother Nature Is Trying to Kill You**

"They always agreed to meet me. Of course, I told them I was bringing them money. I said it was cash and I didn't want to send it through the mail. They might have hesitated at first about meeting me, but I never had to work very hard to convince them. Why? . . . It was the only way they could prolong their pathetic dreams of someday becoming rich, famous models." Shelby's life in Soundview has always been comfortable. Her dad provides a luxurious lifestyle for his family through his photography business. He makes a ton of money taking headshots of pretty young teens who are desperate to become models. Shelby has always enjoyed driving around town in a red sports car, shopping with her best friend at her side. And her Mom is laidback, so it's all good. However, as reports of girls disappearing from nearby towns start to appear on the news, Shelby's seemingly perfect life begins to fall apart. The three missing girls have one thing in common--they were all clients of her dad's photography business. Secrets begin to surface as the investigation continues. Shelby receives threatening e-mails, battles the nosy media, and tries to keep her family together. Now that her dad is implicated in the disappearances, can Shelby figure out a way to clear his name? Or is dad not as innocent as he seems? PRAISE FOR BLOOD ON MY HANDS: "[A] rare teen thriller with an actual mystery, this is as quickly paced as it is heart-wrenching." - Booklist "Author recognition, teen love of mystery, and a stellar cover will make this a well-circulating title." - School Library Journal PRAISE FOR WISH YOU WERE DEAD: "Hits all the right notes of a teen thriller[] his gripping plot will keep readers turning pages late into the night" - School Library Journal "Carefully plotted; this suspenseful novel blends the traditional with new tech details to successful end [] will keep readers guessing right up to the satisfying conclusion." - Kirkus Reviews

### **Would It Kill You to Say Please?**

Defies the myth that parents must sacrifice themselves. Instead, shows them how to reclaim their power, balance, happiness and lives. When kids turn to substance abuse, parents also become victims as they watch their children transform into irrational and antisocial individuals. This harrowing scenario finds parents buckling beneath the stress--often with catastrophic consequences: Divorce, career upsets, breakdowns and worse. "Don't Let Your Kids Kill You" is a landmark work that dares focus on the plight of the confused, distressed parent and not the erring child. It sets aside any preconceived ideas that parents are to blame for what is essentially a full-blown global crisis. Drawing on interviews with parents who've survived the heartbreak of kids on drugs, combined with his own experience, Charles Rubin provides practical advice on how parents can help themselves and their families by first attending to their own needs. Liberation begins when you open this book.

## **How to Tell If Your Cat Is Plotting to Kill You**

It may be a wonderful world, but as Dan Riskin (cohost of Discovery Canada's Daily Planet) explains, it's also a dangerous, disturbing, and disgusting one. At every turn, it seems, living things are trying to eat us, poison us, use our bodies as their homes, or have us spread their eggs. In *Mother Nature Is Trying to Kill You*, Riskin is our guide through the natural world at its most gloriously ruthless. Using the seven deadly sins as a road map, Riskin offers dozens of jaw-dropping examples that illuminate how brutal nature can truly be. From slothful worms that hide in your body for up to thirty years to wrathful snails with poisonous harpoons that can kill you in less than five minutes to lustful ducks that have orgasms faster than you can blink, these fascinating accounts reveal the candid truth about "gentle" Mother Nature's true colors. Riskin's passion for the strange and his enthusiastic expertise bring Earth's most fascinating flora and fauna into vivid focus. Through his adventures—which include sliding on his back through a thick soup of bat guano just to get face-to-face with a vampire bat, befriending a parasitic maggot that has taken root on his head, and coming to grips with having offspring of his own—Riskin makes unexpected discoveries not just about the world all around us but also about the ways this brutal world has shaped us as humans and what our responsibilities are to this terrible, wonderful planet we call home.

## **Rise and Kill First**

“Will keep readers on edge from start to finish.” —Kirkus Reviews Tell the truth. Or face the consequences. Clue meets Riverdale in this page-turning thriller that exposes the lies five teens tell about a deadly night one year ago. One year ago, there was a party. At the party, someone died. Five arrived, but not all can leave. Will the truth set them free? Or will their lies destroy them all?

## **Would It Kill You to Stop Doing That**

### **I Don't Want to Kill You**

So you can make a bomb out of chewing gum and a matchstick and you know how to swing Swedish porn as a tax deduction. You're a little iffy on Gucci vs Prada, but you can certainly tell Tiffany bling from a Bangkok Fugazi. You are familiar with the maze of modern living and the import of the question, 'What's in it for me?' But do you know the courteous formula for declining casual sex? Or the exact stage of a party at which nudity becomes a social obligation? Can you construct a gracious evasion when the government wants to know how much your estranged father earns? *Would It Kill You to Say Please?* is more than just a manners guide, it's a lifesaver—an antidote to the failure of conventional etiquette to equip us for the anxieties of modern life. A book for people who need advice more relevant than how to reply to a birth announcement and more in-depth than 'He's just not that into you'. Alice Williams is set to become the manners guru of the new millennium.

### **Whatever Doesn't Kill You**

- Holly's journey provides insight into dating and finding true connections even in moments of self-doubt and personal crisis Holly Martyn has been dumped. Twice-divorced and a single parent, she is sitting in a spa feeling sorry for herself when she picks up a magazine and reads the advice Joan Rivers gives to console a friend in the same position: "Would it kill you to put on some lipstick? Get an on-line dating account, go on 100 dates and you'll meet somebody." There you go, Holly decides, 100 dates. Problem solved. The 100 dates quest throws Holly in the path of an eclectic cast of characters, including a thirty-three year old African American fireman and a sixty-two year old CEO with whom she falls in love, the man who challenges her to find her father. The story concludes with hard-won insights about the path to partnership, forgiveness, and finding happiness in midlife.

## **One Bite Won't Kill You**

This version of 'Shadows from the Walls of Death' is a tribute to Robert Clark Kedzie, who produced the originals of which there are now only two left in existence. They are located at the University of Michigan and Michigan State University. The originals are approximately 22 x 30 inches containing a title page and an 8 page preface followed by 86 samples cut from rolls of arsenic impregnated wallpaper. The book is sealed in a protective container and each individual page is encapsulated. This particular edition does not actually contain any arsenic. Further to that the content of this volume including both text and images are for entertainment purposes.

## **Kill You Last**

From the cofounder of VerySmartBrothas.com, and one of the most read writers on race and culture at work today, a provocative and humorous memoir-in-essays that explores the ever-shifting definitions of what it means to be Black (and male) in America For Damon Young, existing while Black is an extreme sport. The act of possessing black skin while searching for space to breathe in America is enough to induce a ceaseless state of angst where questions such as “How should I react here, as a professional black person?” and “Will this white person’s potato salad kill me?” are forever relevant. What Doesn’t Kill You Makes You Blacker chronicles Young’s efforts to survive while battling and making sense of the various neuroses his country has given him. It’s a condition that’s sometimes stretched to absurd limits, provoking the angst that made him question if he was any good at the “being straight” thing, as if his sexual orientation was something he could practice and get better at, like a crossover dribble move or knitting; creating the farce where, as a teen, he wished for a white person to call him a racial slur just so he could fight him and have a great story about it; and generating the surreality of watching gentrification transform his Pittsburgh neighborhood from predominantly Black to “Portlandia . . . but with Pierogies.” And, at its most devastating, it provides him reason to believe that his mother would be alive today if she were white. From one of our most respected cultural observers, What Doesn’t Kill You Makes You Blacker is a hilarious and honest debut that is both a celebration of the idiosyncrasies and distinctions of Blackness and a critique of white supremacy and how we define masculinity.

## **What Doesn't Kill You**

This practical handbook will equip readers with the tools to have meaningful conversations about death and dying Death is a part of life. We used to understand this, and in the past, loved ones generally died at home with family around them. But in just a few generations, death has become a medical event, and we have lost the ability to make this last part of life more personal and meaningful. Today people want to regain control over health-care decisions for themselves and their loved

ones. *Talking About Death Won't Kill You* is the essential handbook to help Canadians navigate personal and medical decisions for the best quality of life for the end of our lives. Noted palliative-care educator and researcher Kathy Kortez-Miller shows readers how to identify and reframe limiting beliefs about dying with humor and compassion. With robust resource lists, Kortez-Miller addresses advance care plans for ourselves and our loved ones how to have conversations about end-of-life wishes with loved ones how to talk to children about death how to build a compassionate workplace practical strategies to support our colleagues how to talk to health-care practitioners how to manage challenging family dynamics as someone is dying what is involved in medical assistance in dying (MAID) Far from morbid, these conversations are full of meaning and life — and the relief that comes from knowing what your loved ones want, and what you want for yourself.

### **What Doesn't Kill You Makes You Blacker**

Perhaps the hardest thing to remember in the throes of a crisis is that every bad break can also be a blessing. Indeed, there are always unexpected benefits in misfortune, provided we meet our crises with a shift in outlook. Born of the author's own terrible trauma, *What Doesn't Kill You* presents hard-won advice and practical exercises to help readers most effectively navigate the winding path from loss to regeneration. Rich with stories of people who have come through tragedy to find new or different meaning in their lives—from the author's own story of her daughter's near-fatal car accident to the experiences of survivors of the September 11 attacks—*What Doesn't Kill You* will help readers not simply survive adversity but harvest a new kind of strength from it.

### **I'd Tell You I Love You, But Then I'd Have to Kill You (10th Anniversary Edition)**

HIGHLY COMMENDED IN THE BMA BOOK AWARDS 2017 Americans live three years less than their counterparts in France or Sweden. Scottish men survive two years less than English men. Across Europe, women in the poorest communities live up to ten years less than those in the richest. Revealing gaps in life expectancy of up to 25 years between places just a few miles apart, this important book demonstrates that where you live can kill you. Clare Bambra, a leading expert in public health, draws on case studies from across the globe to examine the social, environmental, economic and political causes of these health inequalities, how they have evolved over time and what they are like today. Bambra concludes by considering how health divides might develop in the future and what should be done, so that where you live is not a matter of life and death. Danny Dorling provides a foreword.

### **Would It Kill You to Smile?**

A phone call leads Tess Kincaid and Eddie Spinozza on what they assume will be a relaxing trip to Phoenix to help Tess's friend out of a jam. Nothing could be further from reality. One thing leads to another, and a free-fall of events catapults them into a three-day escapade that can't be anticipated or stopped. Somebody is chasing somebody, who is chasing somebody else. It's no ride in the park. It's life and death. What You Don't Know Can Kill You is like getting off a moving Ferris wheel. Once you get on it, you're on for the full ride. The eclectic cast of characters, lightning-paced action, and romance will keep you flipping pages and guessing.

## **Cat Wars**

Love At First Sight Angel-faced Paula Guitierrez was 15 when she met 14-year-old Nestor (Chino) DeJesus on a subway platform in New York City. Almost immediately they began a torrid affair fueled by sex and marijuana. But while Chino charmed Paula's parents, behind closed doors he was a sadistic control freak who forced Paula into submission and beat her when she tried to escape. And A Gun With A Plan Moving to Tampa, Florida, the couple found themselves penniless and hungry with a two-year-old daughter to feed. The only thing going for them was a semiautomatic Mac 11 pistol and a reckless plan. On the morning of July 6, 2001, the sordid saga of Paula and Chino finally reached its inevitable violent end. Make A Deadly Pact Hats and bandannas over their faces, the desperate duo rushed into a bank with their gun raised and walked out with \$10,000. Believing they'd made a clean getaway, within the hour they found themselves in a tense standoff with two SWAT teams--one cop dead in the street. The only way out was suicide. Pointing the guns at themselves, Chino began counting to three. . .but only one would die. Includes 16 Pages Of Shocking Photos!

## **If Stress Doesn't Kill You, Your Family Might**

It's the deadliest poison known to man. He's the only one who knows its true power. She's the only one who can stop the evil. The chase is on. . . . Number-one bestselling author Iris Johansen showcases one of her most fascinating characters yet, pitted against one of the most ruthless killers, in a novel that will make you forget to breathe. . . . Catherine Ling was abandoned on the streets of Hong Kong at age four. Schooled in the art of survival, she traded in the only commodity she had: information. As a teenager, she came under the tutelage of a mysterious man known only as Hu Chang---a skilled assassin and master poisoner. As a young woman, she was recruited by the CIA and now she is known as one of their most effective operatives. Having lived life in the shadows, Catherine is aware of the wobbly moral compass of her existence and even more aware of just how expendable she is to those she deals with. When her old friend Hu Chang creates a formula that's not only deadly but completely untraceable, the race begins to be the first to get it. With rogue operative John Gallo also on the hunt, Catherine finds herself up against a group so villainous and a man so evil that she may not survive in her quest to protect those she cares about: Hu Chang and Luke---the son who was stolen from Catherine and only recently

brought home safe. Using all of her formidable skills, Catherine Ling proves the age-old belief that what doesn't kill you makes you stronger. Iris Johansen is at her page-turning best in this novel that takes you from the corridors of Langley to the alleyways of Hong Kong and the darkest places of the human soul.

### **They Can Kill You But They Can't Eat You**

In 1894, a lighthouse keeper named David Lyall arrived on Stephens Island off New Zealand with a cat named Tibbles. In just over a year, the Stephens Island Wren, a rare bird endemic to the island, was rendered extinct. Mounting scientific evidence confirms what many conservationists have suspected for some time—that in the United States alone, free-ranging cats are killing birds and other animals by the billions. Equally alarming are the little-known but potentially devastating public health consequences of rabies and parasitic *Toxoplasma* passing from cats to humans at rising rates. *Cat Wars* tells the story of the threats free-ranging cats pose to biodiversity and public health throughout the world, and sheds new light on the controversies surrounding the management of the explosion of these cat populations. This compelling book traces the historical and cultural ties between humans and cats from early domestication to the current boom in pet ownership, along the way accessibly explaining the science of extinction, population modeling, and feline diseases. It charts the developments that have led to our present impasse—from Stan Temple's breakthrough studies on cat predation in Wisconsin to cat-eradication programs underway in Australia today. It describes how a small but vocal minority of cat advocates has campaigned successfully for no action in much the same way that special interest groups have stymied attempts to curtail smoking and climate change. *Cat Wars* paints a revealing picture of a complex global problem—and proposes solutions that foresee a time when wildlife and humans are no longer vulnerable to the impacts of free-ranging cats.

### **What Doesn't Kill You Makes You Stronger**

Shares informative and lighthearted trivia about fatal encounters with poisonous bugs, natural disasters, and freak events, offering insight into what happens to the body during one of these freak events.
